OCCUPATIONAL THERAPIST

ABOUT ME

Being an occupational therapist with a special interest in paediatrics, I am passionate about child development and aspire to assist children in gaining the functional skills they require to achieve success in their daily home and school environment. After qualifying as an Occupational Therapist in 2014 at the University of Witwatersrand, I worked at two tertiary hospitals in Gauteng. I have worked across multiple clinical areas in the assessment and treatment of various paediatric diagnosis including cerebral palsy, genetic disorders, burns, child psychiatry, learning difficulties, neonates, developmental delay and sensory integration difficulties. I have completed numerous professional courses in the field and I am Ayres Sensory Integration qualified. I look forward to collaborating with you and your child to assist them in reaching their optimal potential.
